Beyond the Divide

Hosted by Neumann University

September 10, 2013  @BeyondSport #BeyondTheDivide

A special event on how sports can address conflict, reduce ignorance and bridge religious divides
Sports cannot necessarily be the answer to geo-political issues around religious divides, but how can it build peace? How can it educate? How can it bridge gaps in conflicting communities? How can it raise awareness about our shared humanity?

Join senior leaders from PeacePlayers International, the US State Department, Spirit of Soccer, Hapoel Tel Aviv, and Move This World for an event that will bring together peace-building and conflict resolution experts in academia, development, government, and the non-profit world to discuss sport’s role in bridging the gaps in societies around the world.

This Session Will Include:

- High profile speakers addressing key issues
- Global practitioners sharing knowledge and solutions
- Roundtable talks to reflect on and discuss best practices
- Unique networking sessions to enable you to meet new people and facilitate meaningful connections

Plus... A special closing talk by Philadelphia Eagles Legend, Brian Dawkins

‘Beyond the Divide’ is part of the Beyond Sport Summit 2013. Confirm your place at this essential event and you can attend the rest of the Beyond Sport Summit at a discounted cost of just $495 (September 9th, 10th, 11th). Learn more about Beyond Sport and the upcoming Summit by clicking here.
