

Pennsylvania Uniform Crime Reports

This information is designed to comply with the reporting requirements mandated by the Pennsylvania College and University Security Information Act PA Act 73: 24 P.S. Sec. 2502-1 ~ 2502-5. The chart below includes the number of offenses for the past three calendar years, 2022, 2023, 2024. The crime rate per 100,000 population for 2024 was determined by multiplying the number of offenses by 39.13 which is 100,000 divided by the 2024 University population of 2,628 (2,244 students, 81 faculty, 161 staff, 142 part-time/adjunct faculty).

In counting crimes when more than one offense was committed during a single incident, an institution must conform to the requirements of the Hierarchy Rule in the “Summary Reporting System (SRS) User Manual. If rape, fondling, incest, or statutory rape occurs in the same incident as a murder, an institution must record both the sex offense and the murder in its statistics. If arson is committed, an institution must always record the arson in its statistics, regardless of whether or not it occurs in the same incident as another crime.

An institution may not withhold, or subsequently remove, a reported crime from its crime statistics based on a decision by a court, coroner, jury, prosecutor, or other similar non-campus official.

Clery Act

The Jeanne Clery Act – requires the reporting of specific criminal offenses and a breakdown of the crimes by the following geographical locations:

- On Campus
- Residence Halls
- Non-Campus
- Public Property

The following tables provide information for the past three years in compliance with the Jeanne Clery Act. An institution must report to the Department and disclose in its annual security report statistics the total number of crime reports listed in paragraph (c)(1) of this section that were “unfounded” and subsequently withheld from its crime statistics pursuant to paragraph (c)(2)(iii) of this section during each of the three most recent calendar years.

An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime and based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.
