

Dr. Casey Herrmann is a PA-licensed Physical Therapist and has been a faculty member at Neumann University since 2024. She received her Bachelor's Degree in Nutritional Sciences from Texas A&M University, Master's Degree in Exercise & Health Sciences from University of Houston- Clear Lake, and Doctor of Physical Therapy degree from University of the Sciences. She then continued her studies with a clinical residency in Cardiovascular & Pulmonary Physical Therapy at UT Southwestern. Dr. Herrmann has been recognized as a Board-Certified Clinical Specialist in Cardiovascular and Pulmonary Physical Therapy as well as a Certified Lymphedema Therapist. In addition to teaching at Neumann University, Dr. Herrmann works at GSPP Rehabilitation, Pennsylvania Hospital as an acute care physical therapist. She serves as Vice-Chair of the Acute Care Special Interest Group of the APTA-PA, literature appraiser for the heart failure clinical practice guideline, peer reviewer for the entry-level physical therapy competencies for oncologic PT, and is a member of the Specialization Academy of Content Experts for the Cardiovascular and Pulmonary section of the American Board of Physical Therapy Specialists. Her research interests include early mobility in the intensive care unit, cardiac rehabilitation, and lymphatic interventions in the neonatal population.
