

Timothy Greer, PT, DPT, MS

Dr. Timothy Greer began his work as a core faculty member at Neumann University in July of 2025. However, he was well known to the DPT students at Neumann University, working as a lab assistant for over 10 years.

He is one of the Musculoskeletal Physical Therapy professors and teaches PT617- Musculoskeletal Physical Therapy II and PT725-Musculoskeletal Physical Therapy III. He also assists with PT505-Gross Anatomy, serving as a lab assistant.

Dr. Greer received his BS and MS in Physical Therapy from Thomas Jefferson University and his Doctorate in Physical Therapy from Arcadia University. He has been affiliated with Neumann University since 2010.

Dr. Greer has worked in various outpatient orthopedic settings including private practice and specializes in sports and occupational medicine. He currently works in an onsite occupational medicine clinic at Liberty Coca Cola for Athletico Pivot Onsite Innovations. Dr. Greer is passionate about the benefits of manual therapy and how it can accelerate the recovery process. He is an advocate for physical therapy as primary care musculoskeletal specialist and believes that this is an amazing new avenue for the profession. His research interests include the benefits of blood flow restriction training, the effectiveness of dry needling and the evolving role of wearable technology and its effectiveness with movement/motion analysis.

Dr. Greer's certifications include the following:

- DN-1 Certification for Dry Needling for Craniofacial, Cervicothoracic & Upper Extremity Conditions by the American Academy of Manipulative Therapy: 2022
- Blood Flow Restriction Certification: SMART Tools January 2019
- IASTM and cupping certification: Medical Minds in Motion: 2018
- ImPACT CONCUSSION Trained Physical Therapist (ITPT) 2016
